

# Weather Policy

In the event of bad weather, please take note of the below to understand how this might affect your booking.

## Lightning

In the event of lightning, golfers out on the course should cease playing immediately after the sound of the horn. Retreat to the nearest shelter or building, until the immediate lightning threat has passed.

- If it is safe to do so, golfers may then return to their places on the course and complete their rounds.
- If green fee-paying visitors decide to abandon their round, rather than wait for the lightning to cease, refunds will not apply. Should the lightning cause the golfer to miss their tee time, reasonable endeavours will be made to reschedule either later that day or the following day depending on availability.

## Heavy Rain

- In the event of heavy rain, we only offer a credit if the course is deemed unplayable by our General Manager, and subsequently closes. A refund would not be applicable due to the rain.
- Unless the course is closed, it is up to the discretion of the player as to whether they wish to continue/ start their round when it is raining. If chosen not to play, no refunds or credits will be issued.

## Frost

- Golfers are advised that should there be a morning frost, there may be a delay to starting the round. All delays and changes to tee times will be communicated with those playing, but the condition of the course will be the main priority when making the decision to allow play.
